

**MACARTHUR  
HEIGHTS**

'Gates of Light' by Khaled Sabsabi, Macarthur Heights

**Landcom has partnered with Western Sydney University to create a new, vibrant urban community for the Macarthur region, offering residents a chance to learn, work and play close to where they live.**

### **More play equipment for Macarthur Heights**

Local residents told us that more play equipment was needed for Macarthur Heights. In response to this feedback, we have recently installed new play equipment in Main Ridge Park and Claremont Park. The equipment includes:

- swings
- climbing towers
- slippery dips
- shade sails
- seating
- interactive sculptures
- and much more!

We hope that you and your family enjoy this new equipment.

### **Welcome**

Welcome to Landcom's Macarthur Heights community newsletter. This newsletter provides an update about what's happening at Macarthur Heights and what we have achieved so far.

Macarthur Heights has transformed into an established, thriving community. We are in the final stages of delivering the project and will soon release the remaining residential lots in Stage 5.

## War on waste – Compost Revolution

Landcom is committed to helping to reduce food waste in our communities. Recycling food waste into free compost and fertiliser at home is great for the climate, your garden and your wallet.

We are offering Macarthur Heights residents free composting supplies to the value of \$150 via Compost Revolution. Jump online and order your free worm farm today at [www.compostrevolution.com](http://www.compostrevolution.com), and enter coupon code: MCHEIGHTS.

## Upcoming and future works

### Lake Thomson

Works will commence shortly to construct a new family friendly park alongside Lake Thomson. There will be a range of amenities in the new park, including:

- picnic areas for families
- BBQ facilities
- play equipment
- footpaths and landscaping.

The park is anticipated to open in late 2022.

### Sportsfields precinct

We are constructing the sportsfield precinct which will be handed over to Council to manage when complete. The sportsfields precinct will include two playing fields and pedestrian and cycle pathways. Council will manage access to these fields.

Landscaping works are scheduled to begin in September 2021.

### New section of the Macarthur Regional Recreational Trail at Macarthur Heights

We will soon be undertaking works to construct a pathway through our site to connect in with the Macarthur Regional Recreational Trail. Once all sections are complete, the 14km long Macarthur Regional Recreational Trail will extend from Camden town centre, through the Mount Annan botanic gardens, and down to Macarthur railway station.

### FREE fitness classes for Macarthur Heights residents

Join FREE online fitness classes run by 'Live Life Get Active'. Classes include boxing, yoga and cross training. All fitness levels welcome. See the timetable and sign up on the 'Live Life Active' website: [lifelifegetactive.com/locations/](http://lifelifegetactive.com/locations/)
